Congratulations on the purchase of your Western Digital hard drive. Please read the following information carefully to learn more about Western Digital's Extended Warranty Plan, Warranty Information and Extended Technical Support Plan.

Warranty Plans

Extended Warranty Plan

Western Digital is pleased to offer our valued customers an Extended Warranty Plan for your new Western Digital hard drive. There are two options under the plan that extend the terms of the 90-day warranty as described on the reverse side of this card. If you opt for the Extended Warranty Plan, the total warranty period on your hard drive will be either one (1) or three (3) years.

The cost to extend your warranty to a one year period is $7.95 and to three years is $9.95 and is payable by Visa, MasterCard, Discover or American Express. This offer applies only to new retail packaged hard drives with a 90-day warranty and must be ordered within 30 days from the date of purchase.

Extended Technical Support Plan

With the purchase of your hard drive, you automatically receive 30-day toll-free technical support. The 30-day time period begins on the day of your first call to Western Digital Technical Support. Should you require additional technical support after the initial 30-day time period, Western Digital offers extended technical support services for the life of your Western Digital hard drive. The cost of this extended plan is $14.95 and is payable by Visa, MasterCard, Discover or American Express. This offer applies only to new retail packaged hard drives and must be ordered within 30 days from the date of purchase.

Warranty Information

Obtaining Service

Western Digital Technologies ("WDT") values your business and always attempts to provide you the very best of service. If this Product ever requires maintenance, either contact the dealer from whom you originally purchased the Product or telephone WDT's Technical Support Department. No Product may be returned directly to WDT without first contacting our Technical Support Department via our online Return Material Authorzation (RMA) service at www.westerndigital.com/service, or by phone at 507.286.7900 or 800.275.4932. If it is determined that the Product may be defective, you will be given a RMA number and instructions for Product return. An unauthorized return, e.g. one for which an RMA number has not been issued, or an improperly packaged drive will be returned to you at your expense. Authorized returns are to be shipped prepaid via a traceable carrier to the address on the RMA in an approved shipping container. Your original box and packaging materials should be kept for storing or shipping your Product. A copy of the original purchase receipt may be required to conclusively establish the period of warranty. WDT shall have no liability for lost data, regardless of the cause, recovery of lost data, or data contained in any Product placed in its possession.

Warranty Information

90-Day Limited Warranty

WDT warrants that the Product, in the course of its normal use, will be free from defects in material and workmanship for a period of ninety (90) days and will conform to WDT's specification therefor. This limited warranty period shall commence on the purchase date appearing on your purchase receipt. If you accept Western Digital's offer to extend the warranty, the warranty period will be either one (1) or three (3) years from the date of purchase. The extended warranty plan must be ordered within 30 days from the date of purchase.

WDT shall have no liability for any Product returned if WDT determines that the Product was stolen from WDT or that the asserted defect a) is not present, b) cannot reasonably be rectified because of damage occurring before WDT receives the Product, or c) is attributable to misuse, improper installation, alteration (including removing or obliterating labels), an accident or mis-handling while in your possession. Subject to the limitations specified above, your sole and exclusive warranty shall be, during the period of warranty specified above and at WDT's option, the repair or replacement of the Product. The foregoing warranty of WDT shall extend to repaired or replaced Product for the balance of the applicable period of the original warranty or ninety (90) days from the date of shipment of a repaired or replaced Product, whichever is longer.

The foregoing limited warranty is WDT's sole warranty and is applicable only to products sold as new. The remedies provided herein are in lieu of a) any and all other remedies and warranties, whether expressed, implied or statutory, including but not limited to, any implied warranty of merchantability or fitness for a particular purpose, and b) any and all obligations and liabilities of WDT for damages including, but not limited to accidental, consequential, or special damages, or any financial loss, lost profits or expenses, or lost data arising out of or in connection with the purchase, use or performance of the Product, even if WDT has been advised of the possibility of such damages.

In the United States, some states do not allow exclusion or limitations of incidental or consequential damages, so the limitations above may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Order your Extended Warranty Plan or Extended Technical Support Plan today by calling Western Digital Technical Support at 800.ASK.4WDC (800.275.4932). Must be ordered within 30 days from the date of purchase.
